

Polyend will be participating in Ableton Loop - A Summit for Music Makers

10 – 12 Nov 2017, Funkhaus Berlin

"Loop is three days of discussions, performances, presentations, studio sessions, installations and interactive workshops aimed at exchanging ideas at the cutting edge of music, technology, and creative practice. Bringing together artists, technologists, educators and other creative thinkers, Loop is a collective exploration of what it is to make music today and what it could be tomorrow".

We'll be there to meet up with you, show you our products and let you play with them. Come by and see what improvements we've made to our existing products. Let's discuss the future of electronic music instruments. Listen to our stories and tell us what you think while having fun with our hardware setup made especially for this occasion.

Can't wait to see you all in person, and hear your opinions on what are we currently working on.

See you soon!

Polyend Crew
