

We are excited to announce that Polyend will take part in NAMM 2018 -January 25th to 28th in Anaheim, CA.

“The NAMM Show is the definitive platform for the music, sound and event technology communities to unite with the mission of strengthening the music products industry and promoting the pleasures and benefits of making music. Held in Anaheim every January, The NAMM Show offers the latest products from more than 7,000 brands, cutting edge industry education across hundreds of sessions, as well as special events, concerts and experiences where often "only at NAMM" moments take place.”

In other words it's going to be crazy cool to have an opportunity to see all these new fancy gear to make sound and meet all nice people who dedicated their lives to music and technology.

We'll be there, come by meet us in person see our products and play with them. Let's talk about improvements we've made to our existing products, new ideas and anything else. Let's discuss the future of electronic music instruments. Listen to our stories and tell us what you think while having fun with our hardware setup made especially for this occasion. We'll be showing Perc Pro drumming machine, Poly CV to MIDI converter and our MIDI sequencer Seq with updated operating system with new functions.

Can't wait to see you all in person, and hear your opinions on what are we currently working on. See you soon at booth#10701 !!
