

1st of May 2020, press release:

Polyend launches Limited Edition Black Medusa hybrid synth with minimalistic front panel facelift and major firmware update

**Olsztyn, Poland:** famed for bringing new technologies to creative musicians by building innovative and unique musical instruments, **Polyend** is proud to announce availability of its aptly- named **Limited Edition Black Medusa** — a (literally) limited-edition of the **Medusa** hybrid synthesizer jointly released to widespread critical acclaim in 2018 but bettered by a minimalistic front panel facelift, major firmware update and a new price — as of May 1st.
